ORNAMENTAL and SHADE TREES

To avoid any misunderstanding regarding the sizes and grades of trees, we make the following explanation: the 6 to 8 foot grade takes in trees that are 6 feet and over up to 8 feet, but does not include the 8 foot trees. The 8 to 10 foot grade takes in those that are 8 feet and over and under 10 feet, but not the 10 foot. For example, should you wish a tree 8 feet high you should order the 8 to 10 foot size.
